2020 Five-year Strategy**

Dear Ms. Molina Valdes,

following your letter submitted on November 30, 2017 and our previous discussion at the High Level Assembly on November 14 in Bonn, I am pleased to inform you that the Italian Ministry for the Environment Land and Sea (IMELS) will further contribute to the Climate and Clean Air Coalition to Reduce Short-Lived climate Pollutants (CCAC) Trust Fund with an amount of 74.233 € to be used for the CCAC activities and the Secretariat in line with the CCAC 2020 Five-year Strategy including Programme Support Costs.

The contribution should be spent by 2022. The reporting requirements will be fulfilled through CCAC annual report on the trust fund.

I appreciate your reference to our successful cooperation for the organization of the Workshop in the margins of the 30th anniversary of the Montreal Protocol at its 29th Meeting of the Parties last week.

I would like to reiterate the interest of this Ministry in the following initiatives: HFC, Agriculture, Oil and Gas and Urban Environment.

Best regards,

Francesco La Camera
