OPENCOESIONE

OpenCoesione:

open government on cohesion policy in Italy

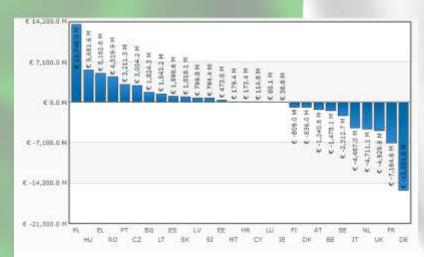

Carlo Amati – Simona De Luca

Presidency of the Council of Ministers

Department for Cohesion Policy, Italy

Italy: some key facts

Operating budgetary balance (EUR million) 2014 (EUR million)

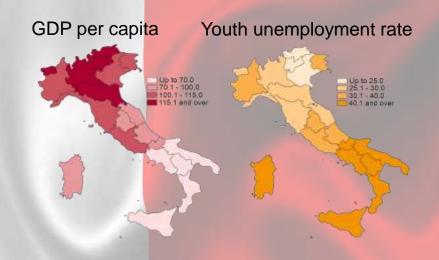

Source:http://ec.europa.eu/budget/figures/2007-2013/index en.cfm

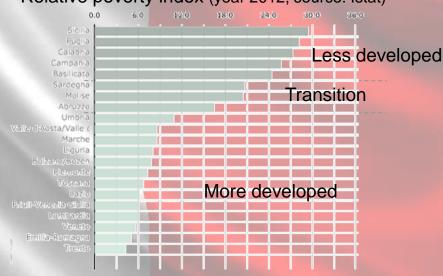

Italy is among largest contributors to the EU budget

Italian Constitution (art. 119): "In order to promote economic development and cohesion ... the State shall allocate additional resources ...".

Large regional disparities

Relative poverty index (year 2012, source: Istat)

Cohesion policy aims at reducing disparities

In Italy and in Europe

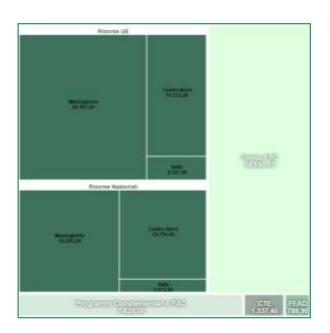

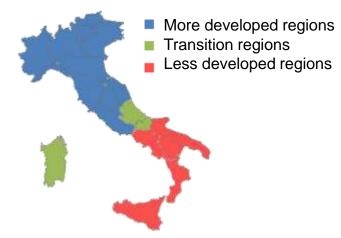

EU funds + national cohesion fund

2014-2020 ~ 120 bn € (including agriculture+fisheries)

All over Italy (although mostly in the South) in many different policy sectors in order to reduce disparities, attract business and enhance opportunities and the quality of services

OPENCOESIONE

Towards better use of development resources. Find out, follow, press forward.

The Italian open government strategy on Cohesion Policy for:

- a more efficient and effective use of resources and destination of funds consistent with people's needs
- improve decision making and policy design, also by increasing access to and quality of information
- increasing involvement of stakeholders and civic partners
- broadening the opportunities for analyses and evaluations on relevant policy issues
- encouraging the creation of new tools and services revolving around the availability of open data
