

Networking against climate change

Andrea Stocchiero

Who is Focsv

- Italian federation of 80 small and medium sized civil society associations inspired by Christian values for social and climate justice in the world
- 2000 volunteers in sustainable development projects
- 400 young people on civil service each year
- Rome headquarter: 15 employees
- 2 persons + 2 trainees for lobby and advocacy

Focsiv in the Network

- CIDSE
- GreenFaith
- Global Climate Catholic Movement
- Italian Climate Coalition
- GreenPeace, WWF, Legambiente
- The network of ethical centers for the environment
- Concord Europe and Italian Platform
- Global Coalition against Poverty
- ...

The Message

- All is connected – Laudato Sì: Caring for the Common Home
- Acting for climate justice
- Reducing carbon emissions - mitigation
- Sustaining vulnerable communities – adaptation
- Declaration of religious leaders
- Petition - bottom up
- Change life styles and implement good practices
- Transform economic and financial system = structures of sin

Advocacy and Lobby

- Awareness raising in Catholic and Secular associations and towards general public
- The March and the People's Pilgrimage
- Participation in COP21 (and COP22) and lobby towards EU and Italian government
- Divestment Campaign
- One4All Campaign
- International Conference 27^o January on divestment

Opportunities and limits

- Participate in working groups and common initiatives ... be part of movements ... more impact ... but time and resource consuming
 - Exploit and “copy” other competences and capacities
 - Identify your added value for the network
 - Looking for unity and complementarities among different identities ... not easy but possible and necessary
- ... otherwise, where do you go alone?
